

As an SEO consultant, how do you prove the value of your services?

With so much competition in the SEO industry, how can you set yourself apart, stand above the crowd?

How do you earn and retain customers?

You need powerful, real-time tools that measure

- Search Engine Optimization efforts
- Pay-Per-Click and all online advertising
- Return on investment & marketing performance

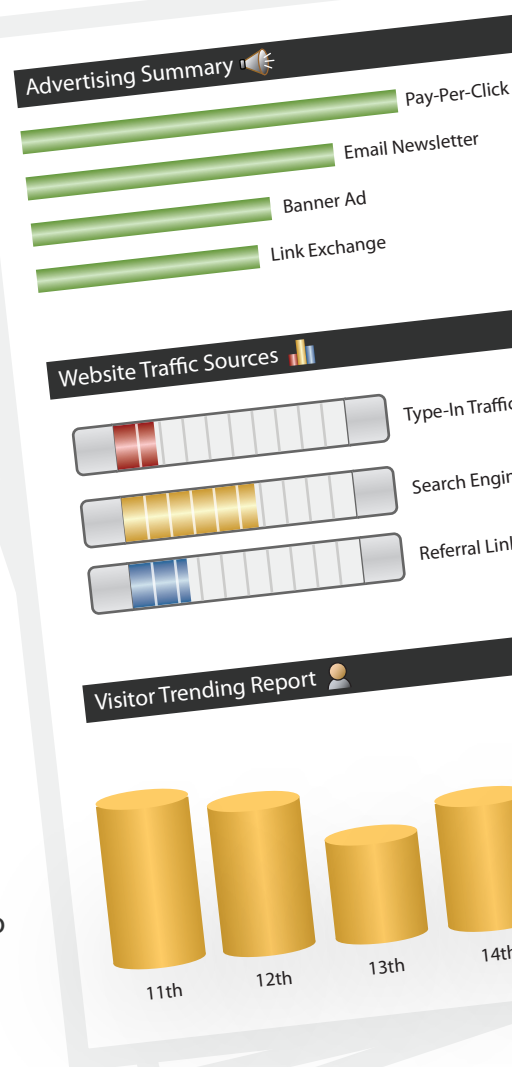

You Can't Manage What You Don't Measure!

There's no denying, the Internet is the most measurable media available. VisiStat maximizes your online potential and ROI by delivering valuable real-time business intelligence in an easy to understand, self-accessible, presentation-ready format.

Track. Analyze. Optimize.

VisiStat's powerful marketing and SEO-centric reporting makes it easy to benchmark Website performance and watch the trends as Search Engine Optimization is performed.

With our powerful Keyword Trending and Page Rank reports, it is easy to identify which efforts are working and which are not--all in real time.

You Get What You Pay For!

How many times have you said this very thing to a customer? Take your own good advice...don't settle for free analytics and its "free" quality. It's a no-brainer. There is simply no other service that provides the feature-rich value that VisiStat offers. Try us before you buy, and see for yourself.
